

RIDES ON COWCATCHER.

Colonel Roosevelt Is Determined Not to Miss the Scenery.

Makindu, British East Africa, April 23.—The special train that left Mombasa at half past 2 o'clock yesterday afternoon, bearing Theodore Roosevelt and the members of his party to the ranch of Sir Alfred Pease on the Athi river, pulled in here at half past 6 o'clock this morning. All the members of the party are well and had a good night's rest. They are enjoying the trip immensely.

Mr. Roosevelt, F. J. Jackson, acting governor of the protectorate, F. C. Selous and Major Mearns rode on a broad seat attached to the cowcatcher of the locomotive from Mombasa as far as Mackinnon Road, a distance of about 50 miles. The visitors were delighted with the experience and Mr. Roosevelt was deeply impressed with the marvelous scenery that unfolded itself to his view. They were reached at 11 o'clock last night, after which the party "turned in."

The other passengers on the special train included Mr. Sandford, local superintendent of the railroad line, Mr. Cruikshank, the traffic manager, W. J. Monson, secretary of the administration, J. H. Wilson, a member of the executive council, and R. F. Cunningham, manager of the Roosevelt expedition.

The party expects to arrive at Kapiti station at midday and this afternoon will go up to the Pease ranch. It will have several days in camp before going on to Nairobi.

At the conclusion of the visit to Sir Alfred Pease, Mr. Roosevelt will probably go to the Ju Ja ranch and be the guest of George MacMillan. After this he will shoot buffalo at Hugh Heatley's Kamoi ranch, 15 miles from Nairobi, on the Port Hall road.

Before leaving Mombasa Mr. Roosevelt received an address of welcome from the American missionaries. He will visit at least three mission stations while in the protectorate.

governing membership will be strictly adhered to. This statement of confidence is made in spite of the action yesterday of Magistrate Butts, who summoned the boxers and club officers to court under the authority granted by the penal code which authorizes a magistrate to issue a warrant when he believes a misdemeanor is about to be committed. A decision by the magistrate is expected today.
